mobiDEOS, Sunnyvale, Calif., a provider of mobile video surveillance, has announced that its Mobile CamViewer is now integrated with the JVC NVRs VR-N1600U and VR-N900U. MobileCamViewer customers will now be able to control all the cameras connected to JVC NVRs via their cell phones and not have to be in front of the computer.

MobileCamViewer is already integrated with major cell phone manufacturers such as iPhone, BlackBerry(RIM), Palm, Windows Mobile, Motorola, Nokia, Sony-Ericsson, Sanyo, LG, Samsung, and HTC, with support for over 500 different models.
