Sunnyvale, CA (March 17, 2007) - mobiDEOS, the leader in providing cell phone based software to view security and surveillance video cameras on cell phones, launches its release 2.0 of its mobile IP Camera Viewer software application- "MobileIPCamViewer" integrating ALL of Sony IP Cameras SNC-CS50N, SNC-DF40N, SNC-DF50N, SNC-DF70N, SNC-DF80N, SNC-P5, SNC-RX530N, SNC-RX550N, SNC-RX570N, SNC-RZ25N, SNC-RZ30N, SNC-RZ50N and SNC-Z20N

With MobileIPCamViewer, customers can easily enjoy the freedom of watching and controlling security and surveillance video cameras using their cell phones anytime/anywhere, which is a tremendous convenience; peace of mind at all times and offers great value and ROI, according to mobiDEOS.

"The mobiDEOS product can help customers who are looking for an easy-to-use mobile video surveillance solution," said Bruce Tanaka, product manager in Sony Electronics' security group. "Together with Sony security cameras, the MobileIPCamViewer application can provide high-quality anytime/anywhere remote monitoring and video surveillance."

"We are delighted to work with Sony and its leading IP cameras and video surveillance equipment. Sony provides us great resources with its IPELA Affiliate program which helps us develop innovated and valuable solutions to our customers" said CEO of mobiDEOS, Inc. Sri Palasamudram.

MobileIPCamViewer is already integrated with major cell phone manufacturers such as Motorola, Nokia, BlackBerry(RIM), Sony-Ericsson, Sanyo, LG, Samsung, and HTC and supports over 200 different models.

MobileIPCamViewer has been in the market for over two years, and currently

distributed and operates on leading cell phone carriers such as Cingular, Verizon (Blackberry), Sprint/Nextel, Alltel(Blackberry), Embarq, Boost Mobile, SouthernLinc, Qwest, Telus, Rogers, and Orange as well as through resellers.

About mobiDEOS

mobiDEOS, Inc. a privately held mobile technology company headquartered in Silicon Valley, CA, offers innovative cell phone based mobile solutions to video surveillance & security and remote business monitoring markets.
